

Security Information

This is a reminder to all SunValley residents; if you see any trespassers you should immediately call the Mesa Police Department Non-Emergency number.

- Our HOA has a Trespass Enforcement request on file with Mesa PD, which means the Police will escort trespassers off the property.
- Trespassers walk through, rollerblade, skateboard and bike ride through the parking lots, sidewalks and over the wooden bridges. There have also been numerous people jumping into the water features and climbing the fences in order to get into the pools.
- Most people are hesitant to call the police, but we must take action. Mesa PD will gladly come out to enforce the trespass law.
- You don't have to file a police report for this type of call, you don't have to give your name if you don't want to, just give them a description of the trespassers and the location.
- Even if you think the trespassers will be gone by the time the police get here, Call! The word will get out that the police are called when people trespass on our property.
- An increase in Police presence will also help deter other crime in our area.

Mesa PD Non-Emergency 480-644-2211
